Everything you need for an **easy to use** fuel or pump management system.

Testimonial

"In today's environment, having no control over who's fueling and how much is similar to leaving the cash register open and unguarded ... DataPak provided us a simple solution to managing access and recording fuel use."

*Ben Sear
Vice President
Excavation company
Kennedale, TX*

How we can help you.

With volatile fuel costs, you need to control inventory and reduce unaccounted for fuel.

The answer needs to be easy to afford, easy to install, easy to use, easy to maintain and durable, plus it must deliver results for you immediately with no headaches.

The answer is FLOWrangler products by DataPak. Contact us to find out how we can help you help your customers.

FLOWrangler puts you in control.

We have over 20 years of experience in fuel management and automated systems. From off-site, unattended mobile fueling to on-site multi-tank yards, we know the needs of a fuel manager. For commercial fleets of all sizes, construction to agriculture applications, FLOWrangler products are designed to help you manage the pump and the bottom line.

Any material pumped, dispensed or conveyed from storage can be metered, monitored and accounted for by FLOWrangler products. No more guessing. No more lost paperwork. No more unaccounted-for shrinkage.

DataPak is committed to being a trusted resource for its customers.

Teresa Yeargins
President
