Everything you need for an **easy to use** fuel or pump management system.

FLOWrangler Products

FLOWrangler products manage the pumps. Designed to keep you in control at all times, our applications work for any size operation in any industry. Easy to use, so your staff will have no trouble going "live" with our simple, fast fuel management system!

Click on a name to see what each product can do for you.

FLOWrangler Controllers manage your pumps with the following features:

- [FLOWrangler 1-Touch](#) Option — place FuelKey on Controller probe — it's "touch & go."
- [FLOWrangler 2-Touch](#) Option — place FuelKey on a vehicle component, then the Controller probe to fuel.
- [FLOWrangler KeyPad](#) Option — allows data entry from your drivers and/or FuelKey.
